

## **Make sex a pleasure again**

Life today is full of drama and worries: the interest rate goes up, petrol will be more expensive than whiskey shortly and a massive hole in the ozone layer is messing up the weather.

Luckily, there is also a lot to smile about. The 2010 World Cup is coming to South Africa, red wine is almost cheaper than petrol and South African girls are the most beautiful in the world. What's more is that SEX is FREE and still the best way to escape the world and all its troubles.

But that's not the case if you are one of the 60% of men who struggle with that awful monster called premature ejaculation - meaning that you suffer an early climax and your love making ends in one mother of a disappointment.

But unlike the huge problems of the world, this is one problem you CAN fix. Thanks to PERFORMAXX, a revolutionary capsule which is combined with a unique control system program, you can find joy in sex again.

Deon (26) of Despatch tells: "I lost all my confidence and started to steer clear of sex totally. But with the help of PERFORMAXX that problem is now something of the past. It is wonderful to have total control of when exactly I want to come and it really keeps long!"

PERFORMAXX are available from the following pharmacies
